

7.0 Open Frame Monitor

The new OFM Series Open Frame Touch Monitors provide a drop-in, completely integrated, industrial solution. Standard configurations come ready to plug-and-play right out of the box. Multiple video inputs and USB-connected touch screen allow for easy implementation in your enclosure. To further maximize ease of integration we have two VESA mounting options on the rear and adjustable side mounting flanges. The black powder coated steel enclosure provides the fit and finish of a custom product with the strength and durability to protect your investment for years of worry free operation.
